Pune, India

OBJECTIVE

- Skilled in developing and designing web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) with good knowledge of HTML, CSS, JavaScript, and Bootstrap.
- Experienced in creating responsive front-end designs and scalable back-end solutions, with hands-on practice in REST APIs, Git/GitHub, and database management.
- A quick and proactive learner who can deliver quality code on time and work effectively in a team environment.

TECHNICAL SKILLS

- Web Technologies: HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, Express
- Databases: MySQL, MongoDB
- Tool: Git, GitHub
- Microsoft Office: MS Word, MS Excel, MS PowerPoint

KEY SKILLS

Code Review • Adaptability • Time Management • Team Player

EXPERIENCE

- **Company: FirstDigiAdd**
 - Duration: 3 Months May 2024 – Aug 2024
 - Role: Web Development Intern
 - Projects & Responsibilities:
 - Developed and launched Pixique Creation and RVSoftware websites on Google with team collaboration using HTML, CSS, and JavaScript.
 - Implemented responsive design and improved website performance and user experience.
 - Built interactive UI components and optimized website structure.
- **Company: Scalefull Technologies LLP**
 - Duration: 6 Months July 2025 – Dec 2025
 - Role: MERN Stack Developer Intern

ACADEMIC PROJECT

Project Title: Doctor Appointment Management System

- Technologies Used: MongoDB, Express.js, React.js, Node.js (MERN Stack)
- Project Description:
 - Developed a full-stack Doctor Appointment Management System using MERN Stack with JWT-based authentication and role-based access control for Admin, Doctor, and User.
 - Implemented features such as doctor application and approval workflow, appointment creation, update, cancellation, and doctor accept/reject management.
 - Integrated profile image upload using Multer, ensured data security by excluding sensitive information, and maintained consistent appointment status synchronization across all user roles.

EDUCATION

Bachelor of Computer Applications (BCA) from Regal College, 2025.

CERTIFICATIONS & ACHIEVEMENTS

- MERN Full Stack Development Course completed from Wisdom Sprouts and received Certificate of Completion.
- Completed an internship at Digital Acharya and received Certificate of Completion.
- Successfully completed a 3-month internship at FirstDigiAdd and awarded Certificate of Completion.
- MERN Stack Developer Intern at Scalefull Technologies LLP (06/2025–12/2025): Worked with React, Node.js, Express, MongoDB & Git
